

## Ronnie Joins the Team!

---

We are thrilled beyond belief to introduce our new Client Service Manager, Ronnie Thomas. She has spent over twenty years in the financial industry as both an office manager and service advisor, with additional experience as an advisor service specialist for a digital platform company ('robo advisor'). Ronnie has two adult children and resides with her husband, Craig, and two dogs in Ringoes, NJ. She enjoys exercising, nature walks, reading, and spending time with family and friends.

As we have told you, she has been working diligently alongside Connie for the past few months getting to know the team and the way we do business. We cannot say enough good things about our brief time working with her, and we feel so fortunate to have her on board. Many of you have already agreed that she fits right in and is an absolute pleasure to work with. Welcome Ronnie!

Have a wonderful weekend everyone!
